GLOBAL TEAMS COMPETENCES ACROSS BORDERS

Methanol-based fuel cells provide sought-after green energy

Danish SerEnergy is among the world's leading providers of methanol-based fuel cell development and production, and the entire ecosystem behind the company is completely sustainable. The sources are solar and wind energy, and methanol which is used in the process for storing the energy. It is a water-soluble and easily biodegradable chemical, which today is most commonly used industrially. This equals zero CO2 emissions, which is something the whole world is demanding, and that SerEnergy is currently working on. DIS has been part of the mission.

Advertising supports higher sales

The Bass Diffusion Model of Growth

Innovators discover that growth doesn't last forever. And that's when advertising becomes essential.

According to Bass, advertising increases the number of people adopting new products, leading to faster growth in the early years and a higher level of sales when things do eventually stabilise.

If firms are prepared to increase their investment, advertising can even generate further growth

The REACT model: taking your key accounts all the way on the customer journey

The best companies are enabled by a new approach and by enabling new technology. Marketers and sales face many challenges: GDPR is definitely a game changer, and so is the increasing complexity in the buying center, and the concentration of buying power. Recent research (Celsius, 2017) indicates that for capital goods investment it is not [...]

Advertising

But first, its all about the data, for precision account based social marketing!

GDPR compliant account based targeting strategies

Case: TIA Technology Account Based Social Advertising

Challenge

- Few large accounts
- Long complex buying process
- Several decision makers and influencers

ABM Objectives

Awareness: "To drive highly qualified enquiries for the TIA solution, aimed at the targeted accounts"

Save time for Sales:

1. Create a target list of ultra-relevant prospects
2. Convert min. 40 accounts to hot leads giving sales new opportunities
3. Learn ABM – tracking each stage of sales cycle gives opportunity for improvement through optimization of channel and stage process

Culture has become a key

Here's why all leaders should take responsibility for workforce-culture alignment:

- Culture is the most discussed talent issue on earnings calls, with mentions growing 12% annually since 2010.
- Only 31% of leaders feel they know how to get their culture to perform.
- Better alignment can increase employee performance by up to 9%.

Marketing Automation Buyer's Checklist

BLUE
BUSINESS

Looking to invest in marketing automation technology, but not sure where to start?

You'll want to do more than just a feature comparison to help you make the right decision for your organization. Your selection should be informed by your own business process, available resources, company goals, and budget, to name just a few considerations. You want to make sure that your marketing automation easily integrates with your CRM and other key technologies you use.

We've listed some important things to think about when making your decision:

KEY CONSIDERATIONS

- Your goals.** Can the platform help you get from A to B? And then to C?
- Speed.** How quickly can you get from start to value?
- Ease of use.** Is the platform intuitive and easy to use?
- Hidden costs.** What will it cost for strategic planning and implementation?
- How difficult will integration be?** Is it native or an API? Or is it development intensive? Will it take more than one day? One week?
- Does the data sync automatically** between the two systems, or must you do it manually?
- Does the vendor's onboarding program** look appropriate for your team? Do they provide a dedicated team to help you?
- How much support** is included, and for how long? What happens when it ends?
- Does the platform have native integrations** with Microsoft Power BI, Cisco WebEx, Luma, and many more leading tools?
- Does the platform** export scoring?
- Does the platform** export engagement data?
- Your resources.** So you can bring.
- Your access to IT,** department or other.
